

# BIG SNOW I WRAP-UP

What a great start to the New Year!! We picked up 51 in Green Bay and Appleton by Lamers. Al was our driver and a familiar face to our club. The Cousins Subs were a big hit. As we drove into Michigan, we were greeted by 4" of fresh lake snow. When we arrived, Dudleys Bar had an excellent music, singer, "Brad Emanuel". He even played an extra hour due to a generous donation from one of our club member's to extend his playing time!

Saturday AM came and we skied Indianhead. Although the weather was brisk, the sun was shining, the wind was down and there was fresh snow on the hill. Great conditions! At the end of the day, we retreated to the Sky Bar where Corey Clarkson was playing. A real talent!!! After happy hour, there was a tasty dinner at the lodge. Some strolled on to the Dudleys saloon which was packed with not only our club but also 118 skiers from the Minneapolis ski clubs. This made for a very lively evening.

On Sunday, a good number of the members skied Blackjack where we were met again with sunshine, warmer temps and groomed runs. After a full day of great skiing, we loaded and headed home. The lunar award went to the individual who forgot to turn in his keys and then clandestinely gave them to another ski member who was staying in MI and wanted them to silently return them without anyone's knowledge. (Nice trick!) No secrets here!!

The trip was a great time, no one got hurt, and what a great way to start the New Year.
